

Hiking experience in the Bavarian Alps

We wish you warm hearty welcome in the beautiful Alps of Germany!

We start our trip in the fascinating Capital of Bavaria; Munich. After sightseeing we drive to the Alps where our hiking begins. Hiking is a wonderful way to spend your time in the nature and enjoy the fresh air. If you add to this fantastic scenery, nice company and bavarian specialites with beer or organic wine, life is perfect!

Our hiking tour is suitable for anyone with a normal health condition. The tours we are going are full of changing views. We go with 2 experienced tourguides, with whom we manage all kinds of gradients.

During a hiking tour you feel the environment with all your senses. When we arrive at the top of the mountain, a picknick tastes heavenly! When you finally see the roof of our cabin after several hours of hiking there is no doubt that you will fall into a state of euphoria and shout out loud: "I MADE IT!"

This is our plan:

Weinwelt Langefeld

1. day, Friday

An early flight to Munich. Welcome to Germany! We will be there to pick you up and bring you directly to the Old City of Munich. Your first "hiking" starts right here, we will be walking through the city and showing you the nicest places and telling you about the fascinating buildings and the amazing history of Bavaria.

In the late afternoon we will take you to the Gasthaus, where you find a "gemütliche" restaurant. "Gemütlich" is the German word for Bavarian laid-back atmosphere. Here we enjoy real Bavarian specialities with organic wine tasting.

2. day. Saturday

Lets's enjoy a real bavarian breakfast at the Gasthaus and then head to the Alps! Take your backpack on your back and we start! We wander up to the alpine cabin and leave our stuff there, taking with us only a light bag for the day tour. On our way we will have a picknick and if you like, a swim in a lake. The route is very diversified and full of stunning sceneries.

In the evening we return in our Alphouse and have a little bit of time to rest, before we enjoy an alpine dinner together. In the cabin we can spend the evening with playing cards or other social games.

3. day. Sunday

For yoga-lovers the day begins with some exercises by sunrise. After that we have a breakfast at the cabin and our day tour can begin! On our way we will have some snacks. If you are interested to learn some German, we can practise it during the day. Why not try something new and wander for a while barefoot? This gives you even a closer connection to nature.

In the afternoon we return to our cabin and we will have some time to relax. Later we enjoy together some Bavarian specialities.

Weinwelt Langefeld

4. day. Monday

Our day begins with some yoga and stretching. That is the ideal way to wake up all your muscles and bones.

After our breakfast we pack our backpacks and leave the cabin. We hike down to the parking place and drive a few kilometers to see a beautiful natural waterfall. If all of the group are interested, we can also visit the Riedel-Glaswerke, world famous artisan manufacturer of glass, in Kufstein. The "Sinfonie" offered there is very beautiful.

From here we return slowly towards Munich and the way home can begin.
